FRANK R. STOCKTON'S Great Story in Sunday World To-Morrow. EDITION THE BRIDGE BILL VETOED. CLIQUOT'S CONDITION SERIOUS

INCOME TAX VICTORY

Democratic Ways and Means Men Vote to Report It Monday.

in the House.

Coal and Iron Schedules to Have Three Hours Each, Tuesday.

(By Associated Press.)

WASHINGTON, Jan. 20 .- There were some dramatic incidents and significant results at a special meeting of the Democratic members of the Ways and Means Committee, held last night at the office of the Commissioner of Internal Rev-

and yet for the last week it had been impossible to get the measure out of the Committee and before the House because of the inability to keep together a quorum of the Committee.

This appeared to be more accident than design, yet it was far from satisfactory to the friends of the bill on the Committee. For this reason the meeting last night was looked upon as decisive in settling whether a majority would appear and vote to take the bill out of Committee.

The members present were Messes

Committee.

The members present were Messrs.
Wilson, McMillin, Tarsney,, Turner,
Breckinridge, Whiting, Stevens, Bynum
and Bryan. The members absent were
Messrs. Cockran and Montgomery. The
nine men present gave three more than
a quorum, and the income tax men were
clearly able to carry their motion to report the bill.

mor, that it seemed to be "getting too hot for a good many gentlemen."

Mr. Stevens did not like the suggestion, but it was explained to be in fun and he retired. Then the move for an immediate report of the bill was pushed. Instead of retiring. Mr. Bynum made a speech, saying that he thought the House should be put in possession of the bill. This turned the scale, and gave the income tax men a bare majority without the vote of Mr. Wilson.

There is the possibility yet, nowever, that the Democratic members of the Committee who oppose the income tax may join with Republican members, in the full Committee, to keep the measure back from the House.

TARIFF BILL PROCEEDINGS.

Coal and Iron-Ore Schedules to Be Discussed on Tuesday.

(By Associated Press.) WASHINGTON, Jan. 20.-At 11.10 to-day the consideration of the Tariff bill was resumed in the House, the pending amendment being that of Mr. Henderson (Rep., Ia.) to substitute existing rates on agricultural products for the agricultural schedule of the Wilson bill.

Mr. Wilson asked unanimous consent that on Tuesday three hours be set aside for the discussion of the coal schedule and three hours for the iron-pre schedule. After some parleying this was agreed to.

Mr. McRae (Dem., Ark.) to-day gave notice in the House that he would on Monday offer an amendment to strike out the sugar bounty.

The amendment of Henderson, of Iowa, to substitute the present law for the agricultural schedule, was lost—116 to 63. son (Rep., Ia.) to substitute existing

SHERMAN ON WILSON BILL

Wants Protection Forces Increased by a Washington Senator.

(By Associated Press.) SPOKANE, Wash., Jan. 20.-The following letter has been received by a resident of Spokane and forwarded to Gov. McGraw:

WASHINGTON, D. C., Jan. 8.

"WASHINGTON, D. C., Jan. 8.

"Mr. Walter Hughson.

"Dear Sir: I have not felt at liberty to write to the Governor of Washington, advising a special session of Legislature to elect a Republican Senator. I have felt that he is better able to determine this question than I am at this distance; that it would be presumption in me to volunteer advice unless my opinion were asked by him.

"I think the fate of the Tariff bill is very uncertain in the Senate. There is some strong opposition to it in the Democratic party, but whether it will die away under the persuasive influence of the Administration and party pride, no cone can, as yet, state. The Tariff bill as it now standa is thoroughly victous, not only greatly affecting injuriously the multiplied industries of this country, but it is still more victous in reducing the revenue and creating a deficiency which must be met by loans or insolvency.

"That every Republican State should be fully represented is a palpable fact, and whether your Legislature is in a condition to elect a Senator is a fact that I cannot determine. Very truly yours.

STEVENS A WITNESS.

Tells the Committee that Hawaiians Were Bound to Revolt.

(By Associated Press.)
WASHINGTON, Jan. 20.—Ex-Minister Stevens has been before the Sub-Com-mittee of the Senate Committee on Foreign Relations nearly all morning, and has been examined particularly reconvergence.

The crucial test of the income tax was made, and the friends of the measure carried a motion to report the measure to the full Committee and to the House next Monday. The affirmative vote numbered six, a bare majority.

This was given after Messrs. Breckin-ridge and Stevens had withdrawn from the meeting for the purpose, as the friends of the measure believe, and stated, of breaking a quorum on the Committee. The meeting last night had been anxiously anticipated by the income tax men on the Committee.

The Internal Revenue bill was complete in all its details and phraseology, and yet for the last week it had been examined particularly regarding events leading up to and during the revolution of a year ago.

He said that all the material facts were shown in the current despatches to the State Department at the time. Senator Gray, of Delaware, examined Mr. Stevens very closely, upon the point where he has been charged by Commissioner Blount with abetting the revolution. The ex-Minister stood by the statements that he had previously made to show by his testimony that the United States was in any way responsible for the revolution would have occurred in any event; that it was only a question of time, and that the Queen, by trying to overthrow the Constitution, forced it at the particular time when it occurred.

NO MORE DUTIES IN CHECKS.

SAYS THEY TRIED TO ROB HER

There was some discussion as to the
advisability of postponing the measure
until after the tariff discussion, but the
income tax men would not hear of this.
They wanted a vote at once.
Thereupon occu-red a spirited incident. Mr. Breckinridge, who is opposed to pushing the income tax while
would be compelled to withdraw, as he
felt sick. Mr. Stevens, another earnest
copponent of the bill, next arose and said
that the room was so overheated that
he would have to withdraw.
The income tax men realized their danger, as the withdrawa of Breckinridge
and Stevens carried the quorum down
to seven, or six without the vote of
Mr. Wilson, who was in the chair. If
Mr. Bynum withdrew, the quorum would
be broken.

As Mr. Stevens withdrew on account
of the heat, one of the income tax men
suggested, with mixed sarcasm and humor, that it seemed to be "getting too
hot for a good many gentlemen."

Mr. Stevens did not like the suggestion, but it was explained to be in fun
and he retired. Then the move for an
immediate report of the bill was pushed.

Supreme Court Justice George C. Bar-rett this morning informed an "Evening World" reporter that an informal ap-plication had been made to him by Lawpilication had been made to him by Law-yer Abe Hummel, on behalf of Miss Lillian Russell, the Casino soprano, setting forth the facts of Miss Russell's recent two matrimonial ventures, the divorce secured by Harry Braham from her on statutory grounds and her mar-riage to and divorce from Teddy Bolo-mon, and asking, if in the opinion of the Court, such facts constitute sufficient ground for an application to the Supreme Court, for it to grant permission for Court, for it to grant permission for Miss Russell's announced marriage to Sig. Perugini to be celebrated to-mor-row in this State.

To this statement Justice Barrett sale he had replied that he had grave doubts if such an application, if made, would be

granted on the facts presented.

Justice Barrett also stated that per Sustice Barrett also stated that permission for Miss Russell to marry in this State could only be granted by a Supreme Court Justice. It was not necessary, however, to make such application to any one special Supreme Court Justice. It could be made to any one of the Justices of the court. As a Supreme Court Justice is always in chambers, the application could be made at any time and in any place.

Under these circumstances Miss Russell may find some Supreme Court Justice is always and court Justice.

is to go over to New Jersey. Shate where more leniency is shown to enamoured couples who vehemently desire to wed.

Whether after marrying in New Jersey Miss Russell would lay herself open to legal harehness if she returned to New York to reside is a legal point not at present settled by precedent.

Miss Russell's difficulty with the law lies in the fact that after marrying Braham he secured a divorce from her on the statutory grounds in the Supreme Court of New York. For her to legally marry again in New York she must demonstrate to a Supreme Court Judge that she has lived a "uniformly good and moral life" for five years. Of course, I Braham were dead, which he is not, no application would be necessary. On such demonstration satisfactory to the Court permission to marry again would given.

Her marriage with Teddy Solemon cut no figure in the present case, for, all though divorced in the Superior Court of New York, she married him in New Jersey.
